Summary

Frontend Developer with hands-on experience in building responsive, user-friendly web applications using **Next.js**, **React.js**, **JavaScript**, and **Tailwind CSS**. Skilled in transforming Figma designs into pixel-perfect UI, developing reusable components, and integrating REST APIs. Passionate about clean code, performance, and delivering smooth user experiences while continuously growing in modern frontend technologies.

Skills

- **Languages:** HTML5, CSS3, JavaScript (ES6+)
- **Frontend:** React.js, Next.js, Redux Toolkit, React Router, Tailwind CSS
- **Tools & Platforms:** Git, GitHub, npm, VS Code, Vite, Firebase, Cursor AI
- **Backend:** Node.js, Express.js, REST APIs, MongoDB (Basic)

Experience

Frontend Developer Intern

May 2026 – Present

BLAZYNC TECHNOLOGIES

Remote

- Developed a complete Learning Management System (LMS) frontend using **Next.js App Router** and **React.js**, enabling course discovery, enrollment, and interactive learning experiences.
- Implemented OTP-based authentication, JWT session management, protected routes, and role-based access control.
- Built learning modules featuring video lessons, quizzes, assignments, notes, progress tracking, and continue-learning functionality.
- Designed and developed a student dashboard for profile management, course progress tracking, purchase history, and certificate access.
- Integrated REST APIs using **Axios** and developed reusable service layers and modular components to improve scalability and maintainability.

Frontend Developer Intern

September 2024 – January 2025

NURA9

Remote

- Developed responsive and mobile-friendly UI components ensuring smooth cross-device performance.
- Converted Figma design files into functional, pixel-perfect React pages using reusable components.
- Implemented client-side routing with **React Router**, improving navigation speed and UX.
- Utilized **Tailwind CSS** for scalable, consistent styling across the application.
- Built a custom **toast notification system** for real-time user feedback.
- Developed interactive animations and page transitions to enhance user engagement on the LMS platform.

Projects

Shopee E-commerce Website | *React.js*

[Live Demo](#)

- Developed a fully functional e-commerce application with responsive UI and seamless user experience.
- Implemented global state management for cart, products, and user data using the **Context API**.
- Integrated **Firebase Authentication** and real-time database for user login and product data.
- Enabled smooth multi-page navigation using **React Router**.
- Deployed the application on **Netlify** with continuous updates through GitHub.

Awards & Certifications

- **React – The Complete Guide, NamasteDev.com:** Learned React fundamentals, hooks, routing, component architecture, and state management.

Education

Master of Computer Applications (MCA)

2020 – 2022

Amrapali Group of Institutes, Haldwani

Frontend Development Training

Mar 2025 – Apr 2026
