Summary

Motivated and detail-oriented Frontend Developer skilled in **React.js, JavaScript, Tailwind CSS, and responsive web design**. Experienced in converting Figma designs into pixel-perfect web pages, building dynamic UI components, and implementing interactive animations. Eager to contribute to a collaborative team and deliver engaging, high-quality web applications while continuously learning and improving skills.

Skills

Languages: HTML5, CSS3, JavaScript (ES6+)

Frameworks: React.js, Redux Toolkit

Styling: Tailwind CSS

Tools: Git, npm, VS Code, Cursor AI, Vite, Firebase

Experience

Frontend Developer Intern

September 2024 – January 2025

NURA9

Remote

- Developed responsive and mobile-compatible UI components ensuring cross-device accessibility and performance.
- Converted Figma design files into functional, pixel-perfect React pages with reusable components.
- Implemented client-side routing using **React Router**, enabling smooth navigation and better user experience.
- Integrated **Tailwind CSS** for consistent, scalable styling and improved development speed.
- Built **toast notification system** for real-time feedback on user actions.
- Designed and implemented interactive and dynamic animations to enhance the LMS platform's user engagement.

Projects

Shopee E-commerce Website | *React.js*

- Developed a fully functional e-commerce web application with responsive design and smooth user experience.
- Implemented state management using **React Context API** for cart, products, and user data.
- Integrated **Firebase** for authentication and real-time data storage.
- Enabled page navigation using **React Router** and maintained version control with **GitHub**.
- Deployed the application online using **Netlify**: shopeaseeeeeee.netlify.app

Awards & Certifications

- **React – The Complete Guide, NamasteDev.com** : Completed comprehensive training covering React.js fundamentals, hooks, state management, routing, and component-driven development.
- **Introduction to Java, Coding Ninjas** : Learned core Java programming concepts, object-oriented programming, and application development basics.
